

*what's your reason?*

## WORKING WITH ALBERTA HEALTH SERVICES

We have more than 90,000 dedicated, energetic health professionals in our organization. We'd love you to join us in building the strongest health care system in Canada. Alberta Health Services (AHS) has an international reputation as a leader in research, innovation and care, and we'd be pleased to have you join our team.

## MEDICAL ONCOLOGY POSITIONS

Alberta Health Services – Cancer Care is inviting applications for two Medical Oncologists for the Jack Ady Cancer Centre located in beautiful Lethbridge, Alberta.

Successful candidates will have successfully completed an accredited Medical Oncology training program in Canada or equivalent and must be eligible for licensure in the province of Alberta. The recently expanded Jack Ady Cancer Centre (JACC) sits in beautiful southwestern Alberta and provides both Medical and Radiation Oncology services. The JACC operates within a provincial framework for cancer care that includes provincial clinical guidelines and standards that enhance patient focused quality care across the province. Medical Oncologists across the province

participate in provincial tumour boards and are supported by a network of over 40 Medical Oncologists province wide. Locally, these two Medical Oncologists positions complement a dedicated team including Radiation Oncologists, Nurse Practitioner, Hematologist, and session medical staff support. Academic pursuits will be promoted through adjunct appointments with the University of Calgary.

Lethbridge is one of the warmest & sunniest cities in Canada with a population of approximately 84,000 and a vibrant cultural and academic community and is within easy driving distance of world class skiing, hiking, and mountain biking.
